## VERY SCARCE ANSE CANOT

343. BR. 924 "Anse Canot/40", copper 32mm. Very rare, longmysterious token that has now been clearly attributed to the Guadeloupe (Marie Galante area) by Edward Roehrs in the N.I. Bulletin of September 2000. These pieces were used to record the number of sugar cane carts delivered to the mill. For about a century, the "Anse Canot" tokens had been attributed to Canada's P.E.I. and since then, their true rarities have been well established. Warren Baker once noted he had not seen more than 25 pieces in Canadian collections and this cataloguer's research over the past $45+$ years has revealed less than 40 pieces offered on the market (that is for all 5 types together). Many of these have been moving from one collection to another so the actual number is much lower. At the present time, only 2 or 3 complete sets of the 5 different types are known to exist. This is a chance to secure a rare token that will always have a special attraction to Canadian token collectors in spite of its now confirmed provenance. The last piece of the " 40 " denomination sold in Canada, realized $\$ 2880$. back in 2015 . This piece pleasing EF for issue with nice old-time patina. A very minor edge nick is mentionned for accuracy.

## BRITISH COLUMBIA \$10 \& \$20 SET

4341862 B.C. Gold Gilt Set, \$10 PCGS SP63+ \& \$20 PCGS SP63 Gilded Examples. Fully struck with very nice and clean reflective surfaces. Should be considered amongst the rarest of Canadian issues. The famous territorial gold designer Albrecht Kuner also has a stake in Canadian numismatic history. When the B.C. government commissioned the striking of gold coins for 1862 and hired Vanderslices Silver Manufactory of San Francisco to produce dies. Kuner was hired by Vanderslices to engrave and test the dies. Kuner struck several sets in silver and shipped the coins and the dies to British Columbia. History tells us that Kuner kept at least one set for himself and had the set gilded. This famous set was acquired by Max Mehl and then sold to Virgil Brand. Dr. John Temple acquired the coins from the Brand sale in 1983. There is a gilded set in the Bank of Canada currency collection but these are believed to be gilded sometime in the 20th century. The only set in public hands is the set offered here. Quite likely this is the only set ever gilded at the time of striking. A pair of original gold coins are not possible to acquire as no $\$ 5$ coins exist in the public domain. This is the first auction appearance of these coins in 36 years and will undoubtedly be the last for many many years. These British Columbia pattern gold coins were struck in 1862 amid an urgent need for coinage with which to exchange the gold that was mined during the province's first gold rush. Today, the gold coins are worth $\$ 2.5$ million altogether. In 2015 , both sets of rare coins, the gold and gilded sets, were on display at Sandy Campbell's booth, during the 62nd annual convention of the Royal Canadian Numismatic Association (RCNA), held in Halifax, N.S.

3. The auctioneer will open the bidding at the higher of approximately $10 \%$ above the second highest bid received or the consignor's reserve. All bids received will be reduced whenever possible. So, don't be afraid to bid your maximum. If there are no bids received or reserve, the auctioneer will open bidding at the starting bid indicated with the price in RED, bracketed right before the catalog value. Opening Bids; Opening bids are in fact not Reserve bids by default. In some cases consignors will place Reserve Bids up and above the actual opening bid designated by us, this is the amount identified before the estimate prices in red. This is why in some cases the Auctioneer will call lots sold to the book even though the Opening Bid has been met or superseded. In these cases the lots are considered unsold and usually returned to the consignor. The auctioneer reserves the right to withdraw any lot for any reason at any time prior to its sale. In a case of a significant event which, in the judgement of the auctioneer reserves the right to cancel or postpone this sale.
4. Prices are in Canadian funds. Bidding in this auction will be in Canadian funds. Mail bids received from USA customers will be converted at the exchange rates of the sale's date rate.
5. The estimates listed are taken from the Canadian Coin News, Charlton catalogs, Canadian Dealers News letter and retail prices, e-bay sales, Cornwell report and/ or the actual market selling/ asking prices. Key dates and Highest grade material will generally command a premium and should sell close to and/ or above the estimates. Our estimates are fair and reasonable, please bid accordingly. No lot should sell less than $50 \%$ of the low estimates. With a bid of $70 \%$ of the highest estimate, you have a fair chance of succeeding, with a bid of $100 \%$ of the highest estimate, you will be likely to succeed.
6. The cataloguer has taken every reasonable measure to ensure that all of the lots in this sale are as described and genuine. All raw coins and banknotes have been graded by the cataloger or the auction house which represent our best professional opinion. To grade coins and banknotes, we use Canadian grading standards, 37 years of experience and good conscience. However, grading is a subjective description in the opinion of the cataloger or the auction house. Among experts there are often differences of opinion on the grading and the eye appeal of a coin. The strike and the state of preservation are often debated. The Canadian Numismatic Company acts as an agent between consignors and buyers. The Canadian Numismatic Company does not guarantee that any coin or banknote cataloged will meet the standards, or the grade, of any third party grading companies. No warranty, whether impressed or implied. Items are as is, no warranty given. We cannot accept responsibility and waive all liability resulting in financial losses, and or incidentals accruing from the sale of any items, nor can we guarantee that items graded by third party services will grade the same if submitted to a different grading service or re-submitted to the same company. Returns of certified items will not be accepted.
7. Title to all lots remains with the auction house until paid for in full by the purchaser. But they are held at the risk of the purchaser once the time of the sale.
8. Sales tax, if applicable will be added to the total amount of each invoice including the buyer's charge. To all lots delivered in Canada, appropriate GST/HST will be charged. To all lots delivered in Quebec PST of $9.975 \%$ will be charged. To all lots delivered in USA or overseas, no tax will be charged. The Canadian Numismatic Company is not responsible for the customs clearing, duties or transportation costs related to any package. All costs relating to these issues remain Customer's sole responsibility. The Canadian Numismatic Company does not provide any letters of guarantee or credit. Should the Customer request delivery of his winnings or should any package be returned to a location outside Canada, taxes and duties, including Value Added Taxes may be applicable, depending on the country of import. The Customer, in agreeing to these Terms and Conditions, acknowledges that any taxes or duties, including VATs, will be the sole responsibility of the Customer and The Canadian Numismatic Company will not be held liable for any fees.

Les paiements doivent être effectués en dollar canadien par chèque, par transfert bancaire par câble à NOTRE compte ou en argent comptant (argent comptant accepté pour des montants de moins de $10000 \$$ ). Les paiements en dollar américain seront acceptés à environ $2 \%$ de plus que le taux de change en vigueur le jour de l'encan. Les factures sont converties comme il se doit sur demande. Si vous choisissez le paiement par carte de crédit, soyez avisé que les frais administratifs ne sont pas remboursables. Les enchérisseurs n'ayant pas de relation d'affaires établie avec la Compagnie canadienne de numismatique devront fournir des références de crédit avant la vente. Pour nos enchérisseurs déjà établis, vos lots sont envoyés lorsque votre chèque a été reçu. Pour les nouveaux clients, vos chèques doivent être encaissés avant l'envoi de vos items. Si vous désirez recevoir vos lots plus rapidement, considérez le paiement par virement Interact, par chèque certifié ou par transfert bancaire par câble. Toutes les factures doivent être reçues et payées en entièreté au plus tard 12 jours après la date de la vente aux enchères. Les factures non payées dans les 30 jours seront soumises à des taux d'intérêt de $2 \%$ facturés mensuellement. Si l'encanteur requiert l'emploi d'un avocat pour la résolution de paiements, l'enchérisseur s'engage à payer tout frais juridique relié au cas.
 Ne craignez donc pas de miser votre maximum. Si aucune mise n'est reçue ou si le lot est sans réserve, l'encanteur ouvrira les enchères à la mise initiale indiquée par le prix en ROUGE mis entre parenthèses devant la valeur du lot dans le catalogue. Les Mises d'Ouverture; Les mises d'Ouverture ne représentent pas toujours les Réserves établies par les consignataires. Dans certains cas, les consignataires choisiront une réserve plus élevée que la mise d'ouverture que nous avions déterminée. Il s'agit du montant déterminé avant les prix estimés en rouge. C'est pourquoi, dans certains cas, l'encanteur appellera des lots vendus au livre même si la mise d'ouverture a été atteinte ou excédée. Dans ces cas, les lots sont considérés comme invendus et habituellement retournés au consignataire. L'encanteur se réserve le droit de retirer un lot à tout moment pour toute raison avant la vente. Dans le cas d'un événement imprévu d'importance significative, l'encanteur se réserve le droit d'annuler ou le remettre la vente.

 l'offre et la demande. Les dates clé et le matériel de grande valeur requerront généralement une prime et devraient se vendre près et/ou au-delà des estimations. Nos estimations sont justes et raisonnables, veuillez miser en conséquence. Aucun lot ne devrait se vendre à moins de $50 \%$ des estimations. Avec une offre de $70 \%$ de la plus haute estimation, vous avez de bonnes chances de remporter la mise. Avec une offre de $100 \%$ de la plus haute estimation, vous remporterez probablement la mise.
 ont été gradés par le catalogueur ou la maison d'encan, ce qui représente notre meilleure opinion professionnelle. Pour grader les billets et les pièces, nous utilisons les standards canadiens de gradation, nos 35 ans d'expérience et notre bonne conscience. Toutefois, la gradation reste une description subjective selon l'opinion du catalogueur ou de la maison d'encan. Des différences d'opinion quant à la gradation et à l'attrait visuel de la monnaie surviennent souvent parmi les experts. La frappe et l'état de conservation de la monnaie sont souvent débattus. La Compagnie canadienne de numismatique agit en tant qu'agent entre les consignataires et les acheteurs. La Compagnie canadienne de numismatique ne garantit pas que les pièces ou les billets de banque catalogués rencontreront les standards ou les grades de tiers externes (compagnies de gradation). Aucune garantie, autant explicite qu'implicite. Les items sont tels que vus dans le catalogue, aucune garantie n'est offerte. Nous ne sommes pas responsables et nous renonçons à toute responsabilité reliée à des pertes financières et/ou des frais accumulés durant la vente d'items. Nous ne garantissons pas non plus que les items gradés par un tiers obtiendront les mêmes grades s'ils sont soumis à une évaluation de gradation différente ou s'ils sont réévalués par la même compagnie tierce. Le retour d'items certifiés n'est pas autorisé.
7. Tous les lots demeureront chez la maison d'encan jusqu'à ce que l'acheteur ait payé en totalité le montant des lots. Toutefois, après la vente, les lots sont détenus au risque de l'acheteur.
8. Les taxes de vente, si applicables, seront ajoutées au montant total de chaque facture de l'acheteur. Pour les lots envoyés au Canada, la TPS/TVH appropriée sera facturée. Pour tous les lots envoyés au Québec, la TVQ de $9,975 \%$ sera facturée. Pour tous les lots envoyés aux États-Unis ou outre-mer, aucune taxe ne sera facturée. La Compagnie canadienne de numismatique n'est pas responsable des dédouanements, des frais de douanes ou des coûts de transport reliés aux colis. Tous les coûts reliés à ces situations relèvent uniquement de la responsabilité du client. La Compagnie canadienne de numismatique ne fournit pas de lettre de garantie, ni de crédit. Si le client demande que l'envoi de ses gains ou si des colis doivent être retournés à un endroit à l'extérieur du Canada, des taxes et des frais de douanes, dont la taxe sur la valeur ajoutée (TVA), peuvent s'appliquer dépendamment du pays d'importation. Le client, en acceptant ces modalités, reconnaît que toute taxe et tout frais de douanes, incluant les TVAs, ne relèvent que de sa responsabilité et que la Compagnie canadienne de numismatique ne sera pas tenue responsable de ces frais.
9. Les frais d'expédition et de la couverture d'assurance seront facturés aux enchérisseurs fructueux. La couverture d'assurance sera facturée à $0.0049 \%$ ( $0.49 \$$ pour un achat de $100 \$$ ). Si refusée, le colis sera envoyé au risque de l'acheteur. Toutes les expéditions outre-mer sont envoyées au risque de l'acheteur.
