THE CANADIAN

NUMISMATIC COMPANY

WELCOME TO The Prominence XV Sale

Dear Collector,

It is our great pleasure to welcome you to **The Prominence XV Sale**, an exceptional auction featuring **more than 1,000 numismatic lots**. This important sale brings together two major collections, complemented by carefully selected material from **85 additional consignors from across North America**.

At the heart of this auction are two outstanding Canadian collections: **The St. George Collection**, featuring an impressive selection of Canadian coins and banknotes, and **The LAVAL Collection**, an exceptional assemblage of rare and high-quality Canadian banknotes.

Among the many highlights of **The Prominence XV Sale** are **three important Indian Chief Medals**, along with an impressive selection of Canadian coinage. Featured pieces include a spectacular **1892 10 Cents PCGS MS-66+, tied for Finest Graded**; a desirable **1890-H 50 Cents ICCS EF-40**; a superb **1858 1 Cent ICCS MS-65**; an attractive **1889 10 Cents PCGS Choice MS-63**; and an exceptional **1903-H 10 Cents PCGS MS-66+**. Also included is a fascinating **1982 \$1 Nickel Constitution – Upset Die / Coin Alignment**, an unusual and highly collectible variety.

The banknote offering is equally impressive. Highlights include a **unique 1890 \$5 Molsons Bank**, a lovely **1924 \$5 Queen Mary in Choice Very Fine**, a scarce **1935 \$1,000 in Very Fine**, and an outstanding **1937 \$1,000 in Gem Uncirculated-66**. Collectors will also discover a wonderful selection from the celebrated **1935 and 1937 Bank of Canada series**, together with an impressive assortment of chartered banknotes, rare serial-number notes, error notes and other special issues.

THE LAVAL COLLECTION

The LAVAL Collection deserves particular attention. This carefully assembled collection features a premium selection of rare and desirable Canadian banknotes, with many examples certified by **PMG and Legacy**. Quality was clearly at the forefront in assembling this collection, with notes selected not simply for technical grade, but also for originality, eye appeal and overall desirability.

Throughout the collection are numerous surprises, seldom-seen varieties and exceptional high-grade notes. The two great jewels of the collection, however, are a pair of extraordinary **1878 \$2 banknotes — one payable at Montreal and the other payable at Toronto**. Both are **excessively rare and highly desirable**, representing an exceptional opportunity for advanced Canadian banknote collectors.

Session 3 presents a strong and diverse assortment of Canadian tokens, adding another important dimension to an already remarkable auction.

We invite you to browse closely through the **three exciting sessions presented in this auction**, each offering an impressive and carefully selected array of material, featuring an impressive selection of desirable rarities, high-grade examples, key dates, important varieties, errors, and seldom-offered pieces.

This outstanding offering includes **numerous highlights and exceptional items**, with something to appeal to both the advanced collector and the enthusiast searching for that special addition to their collection.

Take your time, explore every section, and enjoy the hunt.

We believe **The Prominence XV Sale** has all the ingredients for several memorable and exciting evenings of bidding. With important rarities, exceptional condition pieces and numerous items seldom and in some cases never previously offered to the public, we expect this to be one of our most prestigious numismatic events of 2026.

Our outlook on the numismatic market remains very positive, supported by the excellent results achieved at recent Canadian and international auctions. Over the past year, exceptional material has continued to attract strong collector interest, with numerous important pieces realizing impressive and, in some instances, record-setting prices.

Most importantly, we extend **our sincere thanks to all of our consignors** for the confidence they have placed in **The Canadian Numismatic Company**. It is a privilege to be entrusted with these collections, and we take great pride in presenting them to the numismatic community.

We hope you enjoy browsing this catalogue as much as we have enjoyed researching, preparing and presenting it.

The Prominence Sale XV promises to be a memorable event. We wish all of our bidders the very best of luck and, above all, an enjoyable auction experience.

A COLLECTION BUILT ON EYE APPEAL

This beautiful and carefully curated 88 piece collection was assembled over the past decade by a young coin dealer and passionate collector from New Brunswick. From an early stage in his collecting journey, he developed a keen understanding of one of the most important and often overlooked qualities in numismatics: eye appeal. His focus was never simply on rarity, grade, or value. Instead, he sought out coins with character, quality, and exceptional visual appeal. They did not necessarily have to be expensive; they simply had to be beautiful, distinctive, and memorable. Whether brilliantly blast white, attractively toned, displaying vivid rainbow colours, strong cameo contrast, exceptional lustre, or simply possessing that unmistakable “look” that immediately catches the eye, every coin had to offer something special before earning a place in his collection. The result is a fascinating and highly attractive assemblage of coins selected with a true collector’s eye. Rather than being built from a checklist, this collection was built around quality, aesthetics, and individuality pieces that stood apart from the ordinary. Now approaching 30, the collector has made the difficult decision to bring his collection to market as he turns his attention toward the next chapter of his life: completing his Master’s degree in Engineering and purchasing his first home. We are pleased to present this distinctive collection and hope that collectors will appreciate the same qualities that inspired its formation over the past ten years. Every coin was chosen for a reason and each has a story, a look, or a personality of its own. What Do CNAS Stickers Mean? You will notice that several coins in this sale bear a CNAS sticker. These stickers are intended to identify coins that stand out for their exceptional visual qualities and overall eye appeal. A panel of three knowledgeable and experienced collectors has carefully reviewed selected coins and agreed to award a CNAS sticker only to pieces they believe display particularly desirable characteristics. These may include outstanding lustre, superb or attractive toning, exceptional eye appeal, strong strike, originality, or an overall appearance that distinguishes the coin from others of the same type and grade. The CNAS sticker is therefore an additional recognition of a coin’s quality and visual appeal, highlighting pieces that the panel considers especially attractive or noteworthy. Not every technically high-grade coin will qualify. The emphasis is on those special coins that immediately stand out the pieces collectors often describe as having that extra “wow factor.”

98. Error; 1978 1 Cent – Dramatic Mint Error – Extreme Striking Distortion / Possible Capped-Die Error. A spectacular and highly unusual 1978 one cent exhibiting dramatic striking distortion, offered as an eye-catching major-error piece. The coin displays an extraordinary large, irregularly expanded and distorted planchet profile, with the normal Canadian cent design appearing dramatically displaced and deformed. The obverse/reverse surfaces show pronounced strike-related distortion, broad flattened areas, heavy metal flow, and an unusual mushroom-like configuration, giving the coin an unmistakably dramatic appearance. The substantial deformation appears consistent with a major striking error, possibly involving a capped-die or related die/striking malfunction. The exact error mechanism should be confirmed by an error specialist or professional attribution service. The coin retains the original 1978 date, making this a particularly interesting example for collectors of one cent mint errors. Its extreme physical distortion makes it an excellent conversation piece and a potentially significant addition to a specialized error collection. Weight 3,2 grams.

100. Error; 1961 5¢ PCGS Choice About Uncirculated-55 “Struck On Silver 10¢ Planchet”. A rare offering of an early wrong planchet error, in silver. Wrong planchet errors are fairly obtainable from the 1970s through to 1990s, but anything earlier is much more unusual and far rarer. A very exotic issue from the early 1960s, of a base metal issue erroneously struck on a silver planchet. Quite possibly conservatively graded, to account for a weaker strike, this coin offers beautiful remaining luster with gentle toning and a cameo contrast, primarily on the reverse. This is an incredibly impressive, rare and visually striking error from a time period where very few similar errors can be found. A very unique and desirable offering for error specialists and five-cent collectors.

138. 1882-H 1¢ “Triple Die Obverse” ICCS Choice About Uncirculated-55. Among the finest examples known of this coveted rarity in the Victorian series. Among large cent specialists, this incredibly rare variety is one of the most significant, difficult, and sought after, missing from a vast majority of collections. PCGS records only four examples in all grades across their population report, with only a single coin grading as uncirculated and the next finest being graded EF-40, making this ICCS AU-55 example the second finest known. The only known mint state example is firmly held in the collection of a celebrated specialist, making the current offering the finest example available to collectors, and an extremely important opportunity as such. This is an extremely choice example of circulated Victorian bronze, this impressive survivor still possesses intense eye appeal, having only the slightest signs of circulation. The high points are fresh and free of any major nicks or distracting marks, while the finer design elements maintain their intricate detailing and crispness. The fields show an even, rich, dark brown colour with strong remaining lustre, while the rims of the coin lack any bruising or circulation damage. Due to the outstanding quality of preservation, this coin offers a clear and crisp look at the prominent tripling of the die/hub which one may not be able to as easily enjoy on a lower grade example. This is a truly remarkable offering and an incredibly important opportunity for specialists and registry participants. Lot 499 of our recent RCNA sale included an example graded by ICCS as Very Fine-20 which sold for \$1912, despite being misattributed by ICCS as a Double Die Obverse but properly identified as a Triple Die Obverse during the sale.

371. 1946 10¢ ICCS “Missing H” Gem Mint State-60. A spectacular rediscovery of a classic and long-forgotten major variety. The 1946 “Missing H” dime is a very interesting and major design difference worthy of attention and serious consideration. Known by the numismatic community since at least the mid 1960s, this unique major variety likely slipped into obscurity due to its rarity and a lack of publication in the past. A major design difference, the 1946 Missing H dime displays a reverse with the designer’s “H” initial totally absent, unlike any other coins found in the entire 1937 to present series of dimes. This major variety should be considered far more significant and much rarer than any of the doubled date variations known throughout the Blue-nose ten cent series. Issues displaying omitted or missing designer’s initials are excessively rare in the Canadian series. The 2026 RCNA Sale included an example which sold for \$782.73.

591. 1953 \$1 “NSF; Arrowhead/CH#Rev-007” ICCS Superb Gem Mint State-66. A conditionally important offering, among the absolute finest certified 1953 silver dollars at ICCS regardless of variety attribution. This important offering sits at the top of the ICCS population report, with no Superb Gem Mint State-66 examples of any type of 1953 dollar being offered in recent memory. This impressive example marks an important opportunity for registry set builders and variety specialists alike. The 1953 “CH# Rev-007” variety, more easily referred to as an arrowhead like on later issues, is a very scarce variety, not often encountered, but hotly pursued by specialists when they are offered. The finest Rev-007 we have had the pleasure of offering was certified by ICCS as Mint State-64 UHC, that coin brought \$896.25 as lot 142 of The Prominence XIII Sale. This impressive offering has reflective fields with a touch of cameo contrast, gentle golden toning on the peripheries, and a very prominent arrowhead die clash. An example like this has not been offered before, worthy of a very advanced silver dollar collection.

593. 1953 \$1 “NSF; Slanted 3” ICCS Choice Mint State-64. A visually striking variety with the “53” of the date showing a very defined slant downwards in comparison to the rest of the date. This intriguing variety is caused by the final two digits of the date being hand-punched into the die, on rare occasion a very dramatic displacement may occur. Minor date placement variations are to be expected in many series, the popular 1896 “Far 6” cent for example, but such an immediately noticeable and impressive placement issue on a silver dollar is a rare treat. This variety has been recognized since the 2012 special edition of the Charlton Standard Catalog, yet it took until 2026 for an example to be attributed and offered at auction. The coin has reflective surfaces with rich original toning, coming through in varying shades of blue-green and gold. A very unusual and exciting offering for those who collect this series by variety.

743. 1935 \$20 BC-9b #A227207 “Small Seal” Legacy Choice Uncirculated-64PPQ. This impressive “Small Seal” variety displays vibrant, full-colour printing, excellent paper originality and outstanding overall eye appeal. The youthful portrait of Princess Elizabeth is beautifully rendered with remarkable sharpness and detail, framed by the rich colours and intricate engraving that have made the 1935 series one of the great classics of Canadian paper money. Particularly noteworthy is the note’s Legacy Choice Uncirculated-64PPQ designation, confirming its premium paper quality and placing it among the more desirable surviving examples of this important variety. The BC-9b Small Seal is, in our opinion, considerably underrated in this level of preservation. High-grade examples are genuinely difficult to locate. We have encountered only a very small number of comparable pieces on the market, and when offered, superior examples have demonstrated strong collector demand and have commanded substantial premiums over traditional catalogue valuations. The combination of the Small Seal variety, exceptional state of preservation, original paper quality and the iconic Princess Elizabeth portrait makes this a particularly exciting opportunity for the advanced Canadian banknote collector.

Only three specimens are reported to have appeared at public auction, making this fascinating Canada–Australia mule a major opportunity for the advanced Canadian token specialist. This particular specimen has not appeared at auction in the Western Hemisphere since 2011, when it realized an impressive \$10,500 in the United Kingdom. The original 2011 auction catalogue and prices realized accompany the lot, providing important provenance documentation. 18.92 g; 33.8 mm; approximately coinage axis. About VF, with some rim dings as expected for the grade. An exceptionally rare and historically fascinating Canadian token variety with remarkable international significance — a true trophy piece for the advanced collection.

990. MT-2B2, Devins & Bolton Countermark on 1851 U.S. Large Cent. A particularly interesting and scarce double-sided countermarked issue, with the DEVINS & BOLTON countermark boldly struck on the obverse of an 1851 United States Large Cent. The reverse is countermarked J. L. BARKER twice, together with NUNDA / N.Y. Historical records identify J. L. Barker as a Freemason active in Nunda, New York, during the 1857–1864 period, providing an intriguing historical connection to this unusual piece. Double-sided and multiple-countermarked examples of this nature are considerably scarcer and particularly desirable to specialists. An appealing, well-travelled piece with considerable character and historical interest. Nice VF. Of additional importance, the lot includes a signed copy of the original published article, featuring several tokens that were the actual plate pieces used for the publication's illustrations. Information provided by The Canadian Numismatic Company on our web site and in this catalog is strictly AS IS and/or strictly an opinion. No warranty given. Bids are per lot. No lots will be broken. Auction sales are not approval sales. All lots shall be sold to the highest bidder as determined by the auctioneer. If any dispute arises during the sale, the auctioneer has the right to reopen the lot and put it up for sale again. The auctioneer's decision will be final. In the case of identical (tied) bids during our Live Auctions, the earliest received bid shall take priority. In the case of a tie bid during our Sales, between a mail/fax bid and an Internet bid, the Internet bid will take precedence and obtain the lot. PLEASE CONTACT US IF YOU REQUIRE FURTHER EXPLANATION.
No BUY bids or unlimited bids will be accepted. Bids may be made by mail, email, phone or place your bids on our website, either before the sale or by bidding online during the sessions. If you have yet to do so, take a moment to familiarize yourself with our Internet bidding platform program, an improved online bidding experience which allows bidders to watch and participate in the auction in real time through a live feed.

ALL LOTS MUST BE PAID FOR IN FULL PRIOR TO DELIVERY. Payments must be made in Canadian funds by check, bank wire transfer to OUR account or cash (cash accepted if less than \$10,000). Bidders who do not have an established business relationship with The Canadian Numismatic Auction Company will be required to provide credit references prior to the sale. For our established customers, your lots are shipped when your check is received. For new customers, your check must clear before shipping lots. If you wish to receive your lots faster, you might consider a certified check or you can wire your payment directly to our Bank. All auction invoices should be received and paid for in full no later than 12 days following the auction date. Invoices not paid in full within 30 days will be liable to a 2% interest fee, charged on a monthly basis. This fee will commence as of the initial invoice date and continue until paid in full. If the Auctioneer requires use of an attorney for payment resolution, the buyer agrees to pay all attorney fees related to the case. The auctioneer will open the bidding at the higher of approximately 10% above the second highest mail/email bid received or at the current internet leading bid, or the consignor's reserve. All bids received will be reduced whenever possible. If there are no bids received or reserve, the auctioneer will open bidding at the opening bid. In the PDF/hard copy catalogue, the opening bid is indicated with the price in RED, bracketed right before the estimate prices. Opening bids are in fact not Reserve bids by default. In some cases, consignors will place reserve bids up and above the actual opening bid designated by us. This is why in some cases the Auctioneer will call lots sold to the book even though the Opening Bid has been met or superseded. In these cases the lots are considered unsold and usually returned to the consignor. We reserve the right to bid on behalf of the consignors at any time during the auction sale and without notice to the bidders and to further protect any auction lots that may carry a low reserve/opening bid by bidding on the lot from the sale at any time during the bidding process. (Face value, gold & silver content etc.) Any item offered in this auction sale may be subject to a reserve price, which is the minimum price acceptable to the sellers. The auctioneer reserves the right to withdraw any lot for any reason at any time prior to its sale. In a case of a significant event which, in the judgement of the auctioneer reserves the right to cancel or postpone this sale.
7. Prices are in Canadian funds. Bidding in this auction will be in Canadian funds. Mail bids received from USA customers will be converted at the exchange rates of the sale's date rate. The estimates listed are taken from the Canadian Coin News, Charlton catalogs, Canadian Dealers News letter and retail prices, e-bay sales, Cornwell report and/ or the actual market selling/ asking prices. Key dates and Highest grade material will generally command a premium and should sell close to and/ or above the estimates. Our estimates are fair and reasonable, please bid accordingly. No lot should sell less than 50% of the low estimates. Usually, with a bid of 80% of the highest estimate, you have a fair chance of succeeding, with a bid of 100% of the highest estimate, you will be likely to succeed. For special, popular and rare lots, estimates can be largely exceeded.
8. The cataloguer has taken every reasonable measure to ensure that all of the lots in this sale are as described and genuine. All raw coins and banknotes have been graded by the cataloguer or the auction house which represent our best professional opinion. To grade coins and banknotes, we use Canadian grading standards, 45 years of experience and good conscience. However, grading is a subjective description in the opinion of the cataloguer or the auction house. Among experts there are often differences of opinion on the grading and the eye appeal of a coin. The strike and the state of preservation are often debated. The Canadian Numismatic Company acts as an agent between consignors and buyers. The Canadian Numismatic Company does not guarantee that any coin or banknote cataloged will meet the standards, or the grade, of any third party grading companies. No warranty, whether impressed or implied. Items are as is, no warranty given. We cannot accept responsibility and waive all liability resulting in financial losses, and or incidentals accruing from the sale of any items, nor can we guarantee that items graded by third party services will grade the same if submitted to a different grading service or re-submitted to the same company. Statements by The Canadian Numismatic Company regarding the condition, the eye appeal, the strike and the population of items are for guidance only. All lots offered are sold "AS IS". Title to all lots remains with the auction house until paid for in full by the purchaser. But they are held at the risk of the purchaser once the time of the sale.
9. Sales tax, if applicable will be added to the total amount of each invoice including the buyer's charge. To all lots delivered in Canada, appropriate GST/HST will be charged. All costs relating to these issues remain Customer's sole responsibility. The Canadian Numismatic Company does not provide any letters of guarantee or credit. Should the Customer request delivery of his winnings or should any package be returned to a location outside Canada, taxes and duties, including Value Added Taxes may be applicable, depending on the country of import. The Customer, in agreeing to these Terms and Conditions, acknowledges that any taxes or duties, including VATs, will be the sole responsibility of the Customer and The Canadian Numismatic Company will not be held liable for any fees. Shipping and insurance coverage will be charged to all successful bidders. Insurance coverage will be charged at 0.00499% (\$0.499 for \$100 purchase). If declined, parcel will be sent at buyer's risk. All overseas shipments are sent at buyer's risk.
10. Mail bidders may return incorrectly described lots for full refund within 5 days of receipt, (NO RETURNS on Third party certified items, NO RETURNS on bulk lots or any lot that contains more than 5 items). 11. The Canadian Numismatic Company acts ONLY as agent for the consignors and makes no independent warranty to title. The Canadian Numismatic Company hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of or in connection with the sale of any property by The Canadian Numismatic Company to the purchaser. CONDITIONS DE VENTE 2026

1. Il s'agit d'une vente aux enchères électronique, courriel, téléphonique, en ligne et par la poste autorisée. L'information fournie dans ce catalogue ou sur notre site Web par la Compagnie canadienne de numismatique est strictement une opinion. Les mises se font par lot. Aucun lot ne sera divisé. Les ventes aux enchères ne sont pas des ventes par approbation. Tous les lots seront vendus au plus offrant déterminé par l'encanteur. Si un conflit survient durant la vente, l'encanteur se réserve le droit de réouvrir le lot et de le remettre aux enchères. La décision de l'encanteur est finale. Dans le cas de mises identiques (égales) durant nos Encans En Direct, la mise reçue en premier aura priorité. Dans le cas d'une égalité lors de nos Ventes, entre une mise par la poste/par fax et une mise en ligne, la mise en ligne aura préséance et obtiendra le lot. **VEUILLEZ NOUS CONTACTER SI VOUS DÉSIREZ OBTENIR DAVANTAGE D'EXPLICATIONS.** Aucun achat direct ou mise illimitée ne seront acceptés. Les mises peuvent être effectuées par la poste, par courriel, par téléphone et sur notre site Web, soit avant la vente, soit en misant en ligne durant nos sessions. Si vous n'avez jamais misé à partir de notre site Internet, prenez le temps de vous familiariser avec notre plate-forme en ligne. Il s'agit d'une expérience d'enchères améliorée qui permet aux enchérisseurs de regarder et de participer à l'encan en temps réel grâce à une diffusion en direct.
2. Modes de paiement : Il existe plusieurs façons de payer pour vos gains lors des enchères : chèques, chèques de banque et mandats (doivent être faits au nom de "Compagnie canadienne de numismatique"). Virements Interac. Les cartes de crédit Visa et Mastercard sont acceptées. (Veuillez nous acheminer vos informations par téléphone ou par courriel) : Assurez-vous de consulter le paragraphe 3 avant d'effectuer votre paiement. Si vous choisissez le paiement par carte de crédit, soyez avisé que les frais administratifs ne sont pas remboursables. Transferts bancaires par câble accepté.
Une prime d'Acheteur Standard sera chargée aux enchérisseurs gagnants selon leur méthode d'offre. La responsabilité revient aux enchérisseurs de comprendre leur prime d'acheteur avant la mise.
Une mise en ligne, incluant une mise en direct et une mise placée d'avance = Prime d'Acheteur Standard est de 19,5% pour tout paiement en argent comptant, par chèque, par câble et/ou par virement Interac. Paiements avec carte drédit, la prime d'acheteur Standard est de 23.5%.
Une mise par courrier électronique, par la poste = Prime d'Acheteur Standard est de 19% pour tout paiement en argent comptant, par chèque, par câble et par virement Interac. Paiements avec carte drédit, la prime d'acheteur Standard est de 23%.
Une mise téléphonique = Prime d'Acheteur Standard est de 19,5% pour tout paiement en argent comptant, par chèque, par câble et par virement Interac. Paiements avec carte crédit, la prime d'acheteur Standard est de 23.5%.
Tous les enchérisseurs ayant gagné une mise en ligne recevront une facture par courriel. Les prix atteints seront publiés sur notre site Internet quelques jours suivant la vente. Les prix atteints peuvent être envoyés par la poste sur demande. **TOUS LES LOTS DOIVENT ÊTRE ENTièrement PAYÉS AVANT LA LIVRAISON.** Les paiements doivent être effectués en dollar canadien par chèque, par transfert bancaire par câble à NOTRE compte ou en argent comptant (argent comptant accepté pour des montants de moins de 10 000\$). Virements Interac accepté. Malheureusement, nous n'acceptons PAS PAYPAL. Les paiements en dollar américain seront acceptés à environ 2% de plus que le taux de change en vigueur le jour de l'encan. Les factures sont converties comme il se doit sur demande. Si vous choisissez le paiement par carte de crédit, soyez avisé que les frais administratifs ne sont pas remboursables. Les enchérisseurs n'ayant pas de relation d'affaires établie avec la Compagnie canadienne de numismatique devront fournir des références de crédit avant la vente. Pour nos enchérisseurs déjà établis, vos lots sont envoyés lorsque votre chèque a été reçu. Pour les nouveaux clients, vos chèques doivent être encaissés avant l'envoi de vos items. Si vous désirez recevoir vos lots plus rapidement, considérez le paiement par chèque certifié ou par transfert bancaire par câble. Toutes les factures doivent être reçues et payées en entières au plus tard 12 jours après la date de la vente aux enchères. Les factures non payées dans les 30 jours seront soumises à des taux d'intérêt de 2% facturés mensuellement. Ces frais débiteront en date de la facture initiale et se poursuivront jusqu'à ce que le montant de la facture ait été payé en totalité. Si l'encanteur requiert l'emploi d'un avocat pour la résolution de paiements, l'enchérisseur s'engage à payer tout frais juridique relié au cas.
3. L'encanteur ouvrira la mise approximativement à 10% au-dessus de la deuxième plus haute mise reçue ou de la réserve déterminée par le consignataire. Toutes les mises reçues seront réduites si possible. Ne craignez donc pas de miser votre maximum. Si aucune mise n'est reçue ou si le lot est sans réserve, l'encanteur ouvrira les enchères à la mise initiale indiquée par le prix en ROUGE mis entre parenthèses devant la valeur du lot dans le catalogue. Les Mises d'Ouverture; Les mises d'Ouverture ne représentent pas toujours les Réserves établies par les consignataires. Dans certains cas, les consignataires choisiront une réserve plus élevée que la mise d'ouverture que nous avions déterminée. Il s'agit du montant déterminé avant les prix estimés en rouge. C'est pourquoi, dans certains cas, l'encanteur appellera des lots vendus au livre même si la mise d'ouverture a été atteinte ou excédée. Dans ces cas, les lots sont considérés comme invendus et habituellement retournés au consignataire. L'encanteur se réserve le droit de retirer un lot à tout moment pour toute raison avant la vente. Dans le cas d'un événement imprévu d'importance significative, l'encanteur se réserve le droit d'annuler ou le remettre la vente.
4. Les prix sont affichés en dollar canadien. Les mises dans cet encan seront effectuées en dollar canadien. Les mises reçues par la poste provenant des États-Unis seront converties au taux de change en vigueur la journée de la vente. Les estimations listées proviennent du Canadian Coin News, des catalogues Charlton, du Canadian Dealers Newsletter, des prix au détail, des ventes e-Bay, du Cornwell report et/ou des prix du marché de l'offre et la demande. Les dates clé et le matériel de grande valeur requerront généralement une prime et devraient se vendre près et/ou au-delà des estimations. Nos estimations sont justes et raisonnables, veuillez miser en conséquence. Aucun lot ne devrait se vendre à moins de 50% des estimations. Avec une offre de 80% de la plus haute estimation, vous avez de bonnes chances de remporter la mise. Avec une offre de 100% de la plus haute estimation, vous remporterez probablement la mise. Pour les items très rares, les estimées peuvent être largement dépassées. Le catalogueur a pris toutes les mesures possibles pour assurer que tous les lots de cette vente soient authentiques et tels que décrits dans le catalogue. Tous les billets de banque et les pièces de monnaie ont été gradés par le catalogueur ou la maison d'encan, ce qui représente notre meilleure opinion professionnelle. Pour grader les billets et les pièces, nous utilisons les standards canadiens de gradation, nos 40 ans d'expérience et notre bonne conscience. Toutefois, la gradation reste une description subjective selon l'opinion du catalogueur ou de la maison d'encan. Des différences d'opinion quant à la gradation et à l'attrait visuel de la monnaie surviennent souvent parmi les experts. La frappe et l'état de conservation de la monnaie sont souvent débattus. La Compagnie canadienne de numismatique agit en tant qu'agent entre les consignataires et les acheteurs. La Compagnie canadienne de numismatique ne garantit pas que les pièces ou les billets de banque catalogués rencontreront les standards ou les grades de tiers externes (compagnies de gradation). Aucune garantie, autant explicite qu'implicite. Les items sont tels que vus dans le catalogue, aucune garantie n'est offerte. Nous ne sommes pas responsables et nous renonçons à toute responsabilité reliée à des pertes financières et/ou des frais accumulés durant la vente d'items. Nous ne garantissons pas non plus que les items gradés par un tiers obtiendront les mêmes grades s'ils sont soumis à une évaluation de gradation différente ou s'ils sont réévalués par la même compagnie tierce. Le retour d'items certifiés n'est pas autorisé. Tous les lots demeureront chez la maison d'encan jusqu'à ce que l'acheteur ait payé en totalité le montant des lots. Toutefois, après la vente, les lots sont détenus au risque de l'acheteur.
5. Les taxes de vente, si applicables, seront ajoutées au montant total de chaque facture de l'acheteur. Pour les lots envoyés au Canada, la TPS/TVH appropriée sera facturée. Pour tous les lots envoyés au Québec, la TVQ de 9,975% sera facturée. Pour tous les lots envoyés aux États-Unis ou outre-mer, aucune taxe ne sera facturée. La Compagnie canadienne de numismatique n'est pas responsable des dédouanements, des frais de douanes ou des coûts de transport reliés aux colis. Tous les coûts reliés à ces situations relèvent uniquement de la responsabilité du client. La Compagnie canadienne de numismatique ne fournit pas de lettre de garantie, ni de crédit. Si le client demande que l'envoi de ses gains ou si des colis doivent être retournés à un endroit à l'extérieur du Canada, des taxes et des frais de douanes, dont la taxe sur la valeur ajoutée (TVA), peuvent s'appliquer dépendamment du pays d'importation. Le client, en acceptant ces modalités, reconnaît que toute taxe et tout frais de douanes, incluant les TVAs, ne relèvent que de sa responsabilité et que la Compagnie canadienne de numismatique ne sera pas tenue responsable de ces frais. Les frais d'expédition et de la couverture d'assurance seront facturés aux enchérisseurs fructueux. La couverture d'assurance sera facturée à 0.00499% (0.49\$ pour un achat de 100\$). Si refusée, le colis sera envoyé au risque de l'acheteur. Toutes les expéditions outre-mer sont envoyées au risque de l'acheteur.
6. Les enchérisseurs misant par la poste peuvent retourner des lots décrits incorrectement pour un remboursement complet dans les 5 jours suivant la réception des lots (AUCUN RETOUR pour les items certifiés, AUCUN RETOUR pour des lots en vrac et des lots contenant plus de 5 items). AUCUN RETOUR ne sera accepté, et ce PEU IMPORTE LA RAISON, après le 5 décembre, 2026 puisque les consignataires doivent être payés. AUCUNE EXCEPTION. Due à la volatilité du prix de l'or, aucun retour ne sera accepté sur les pièces en or.
